Peterson motioned to approve the minutes from the February 15, 2018 Administrative Control Board Meeting. Board Member Chatterton seconded the motion. The motion passed unanimously.

6. Consideration of Approval of the February 2018 Bills for the North Davis Fire District

Chief Becraft stated Ms. Rogers had taken extra time to draft a more detailed transaction report. He then asked the board members if the newly drafted transaction report provided them with adequate information. The board members agreed that the new transaction report provides more transparency and that the information within the report is easier to understand. Board Member N. Peterson stated the transaction report for February 2018 listed the purchase of a curio. She then asked where the curio was located. Chief Becraft stated the Fiscal Year 2018 Budget included the purchase of a second curio cabinet (display case) for the foyer at Station 41.

Board Member Roper motioned to approve the February 2018 Bills for the North Davis Fire District. Board Member Nelson seconded the motion. The motion passed unanimously.

7. Consideration of Approval of the February 2018 Financial Report for the North Davis Fire District

Chief Becraft stated the collection of ambulance revenue is showing improvement and in February 2018, the district collected approximately \$97,000 in ambulance revenue. He then stated that property tax revenue is as expected. Chief Becraft stated in near future, the North Davis Fire District Administrative Control Board will be asked to amend

the Fiscal Year 2018 Budget. He stated amending the budget will account for excess funds paid for the attorney fees and other expenses incurred due to the annexation of Sunset City (forklift, tow truck rental, etc.) and the emergency purchase of two Cascade Systems.

Board Member Wiggill asked if the rental of a forklift and tow truck were costs associated with the annexation of Sunset City. Chief Becraft stated yes, equipment from the annexation of Sunset City had been stored in a warehouse in Freeport West. Freeport West recently rented out the unit being utilized to store the equipment from the annexation and the district needed to again move the equipment. Chief Becraft stated the district rented a forklift to move pallets of equipment and a tow truck to relocate a fire engine to Station 41. Board Member Wiggill suggested that Chief Becraft, Chairman G. Petersen and Board Member Madsen (Mayor of Sunset City) discuss the possibility of Sunset City assisting with costs associated with the moving of the equipment.

Board Member Madsen stated during the next Sunset City Council Meeting, he is hopeful that steps will be taken to allow the Fire Chief (Chief Becraft) to dispose of faulty and out-of-date fire equipment and other stored items. He then stated that Council Members will also be asked to rescind the ordinance which allowed Sunset City to annex into the district, ultimately making the referendum a non-issue. Board Member Madsen stated that the "old" Sunset City Fire Station is in the process of being sold to UDOT and UDOT plans to tear the building down. He then stated in future, the Sunset City Council will obtain factual information and properly inform and educating the citizens of Sunset City and revisit the idea of annexing into the North Davis Fire District.

Board Member Chatterton motioned to approve the North Davis Fire District Financial Report for February 2018. Board Member Roper seconded the motion. The motion passed unanimously.

8. Consideration of Approval of Resolution 2018R-01 an Amendment to the North Davis Fire District Policy and

Procedures Manual, 208:1, Introductory Period; 210:1, Promotion; and 301:1, Salary Administration Chief Becraft stated in public safety and in surrounding fire departments, the probationary period for an employee is typically one-year. However, the current personnel policy of the North Davis Fire District states that employees the probationary period for an employee is six-months. Chief Becraft stated in most cases, employees are released from probation at six-months; however, there are circumstances when a probationary period must be extended. Once the employee has completed their probationary period, the employee receives an automatic 3% increase to their wage, pushing the employee into a higher step in the wage scale and closer to the wage of an employee who has more years in the fire service. Chief Becraft stated a six-month probationary period is not an adequate amount of time for an employee in public safety to gain actual experience. He stated because of the shift schedules of full-time employees and the number of hours a part-time employee is required to work, it could be months before a firefighter experiences a variety of calls. Chief Becraft also stated that with the proposed wage scale for Fiscal Year 2019, a one-year probationary period will keep employees inline within the scale. Chief Becraft stated a one-year probationary period will keep employee, it is meant to be a benefit to the employee and the district.

Ms. Rogers stated that in her opinion, a six-month probationary period is not an adequate amount of time. She then recommended employees of the North Davis Fire District receive a one-year probationary period.

Chairman G. Petersen asked if employees within their probationary period experience restrictions. He then expressed concern that a one-year probationary period may be too restrictive.

Ms. Rogers stated employees within the probationary period have restrictions with driving. Chief Becraft stated limitations for employees within their probationary period are minimal.

Board Member Madsen stated that he has served in public safety and it is normal for employees to complete a oneyear probationary period. He then stated that a one-year probationary period provides the district with an adequate amount of time to monitor and mentor an employee. Board Member Madsen stated he supports a one-year probationary period.

Chairman G. Petersen asked if surrounding agencies also utilize a one-year probationary period. Chief Becraft stated yes; Roy, Ogden, Clinton, South Davis Metro, etc. utilize the one-year probationary period. He then informed the board that employees of the Roy Fire Department who resign full-time status must separate for 90 days before they can switch to part-time status. Ms. Rogers stated, the North Davis Fire District tries to accommodate employees who switch from full-time to part-time status. She stated if a firefighter resigns full-time status and they are in good standing with the district, the Fire Chief has the ability to move the employee immediately to part-time status.

Board Member Chatterton stated with the current policy, employees are evaluated at two-months and six-months. He then asked how many hours a full-time firefighter works in two months. Chief Becraft stated on an average, a full-time firefighter works a 56-hour work week. Board Member Chatterton expressed concern that in two-months, an employee may not experience firsthand a wide variety of calls. Board Member Chatterton stated that he too supports a one-year probationary period for employees of the North Davis Fire District.

Chairman G. Petersen expressed his appreciation to Board Member Madsen and Board Member Chatterton for their input. He then asked who is responsible to evaluate each employee. Chief Becraft stated each employee is evaluated by their direct supervisor.

Chief Becraft stated the amendment to section 210:1 will allow the Fire Chief to permit qualified employees of the North Davis Fire District to apply for and be considered for a promotion during their introductory period.

Board Member N. Peterson motioned to approve of Resolution 2018R-01 an Amendment to the North Davis Fire District Policy and Procedures Manual, 208:1, Introductory Period; 210:1, Promotion; and 301:1, Salary Administration. Board Member Nelson seconded the motion. The motion passed unanimously.

Roll Call Vote:

Board Member N. Peterson - aye Board Member Chatterton - aye Board Member Roper -aye Board Member Nelson -aye Chairman G. Petersen - aye

Chairman G. Petersen stated when possible, board members should discuss action items one meeting and take action during the next board meeting.

9. Fire Chiefs Report

Chief Becraft stated administration of the North Davis Fire District is concerned with the mental health of all employees. Recently, firefighters of the North Davis Fire District responded to a difficult incident. Because of the difficulty of the call, the Chiefs reached out the firefighters on duty. One of the firefighters was given administrative leave for the remainder of his shift and a Critical Incident Stress Debriefing (CISD) was held. Chief Becraft stated administration cares deeply about the wellbeing of each firefighter.

Board Member Wiggill asked if the North Davis Fire District has a Post-Traumatic Stress Disorder (PTSD) program to assist the employees of the district. Chief Becraft stated yes, each year the North Davis Fire District holds a suicide prevention seminar for the firefighters and their spouse or significant other. Chief Becraft then stated that the North Davis Fire District also offers an Employee Assistance Program (EAP) to each employee of the district and their families.

Chairman G. Petersen stated the mental health of each employee is of the utmost importance to the North Davis Fire District Administrative Control Board.

MEMORANDUM OF UNDERSTANDING (MOU) BETWEEN CLINTON CITY FIRE DEPARTMENT FARMINGTON CITY FIRE DEPARTMENT HILL AIR FORCE BASE FIRE DEPARTMENT KAYSVILLE CITY FIRE DEPARTMENT LAYTON CITY FIRE DEPARTMENT NORTH DAVIS FIRE DISTRICT SOUTH DAVIS METRO FIRE DISTRICT SOUTH WEBER FIRE DEPARTMENT SYRACUSE CITY FIRE DEPARTMENT

<u>**Purpose of the MOU**</u>: To define parameters and responsibilities of all parties of the above listed agencies and to assure the creation and maintenance of a high quality, professional, multi agency fire investigation team. This team will be called "The Davis County Fire Investigation Team" and hereinafter referred to as "The Team".

Background: Each agency has been involved in fire investigations to determine origin and cause of various fires within their respective jurisdictions. Each agency recognizes that fires may occur which would require the need for additional personnel who are trained and/or certified in fire investigations. With the utilization of the trained and/or certified fire investigation team members, each agency will be assured that a thorough, professional investigation will be conducted following a scientific method as outlined in National Fire Protection Association (NFPA) 921 Guide for Fire and Explosion Investigations.

<u>Parameters</u>: When activated, the team members will operate under the Incident Command of the requesting/activating agency.

Purpose of The Team:

To determine the origin and cause of each fire at the request of a participating agency or jurisdiction.

To develop and share information about:

arsonists, their methods of operation and allied criminal activities, investigative techniques.

To provide automatic, mutual assistance to other agencies requiring additional resources for a comprehensive and timely investigation of the circumstances surrounding a fire for civil and criminal purposes.

Direction and Administration:

Activation

When the Incident Commander (IC) of a fire or explosion incident makes the determination that the circumstances of the incident may significantly impact the capabilities of their fire investigation personnel, the IC may activate The Team through their dispatch center.

These situations may include but are not limited to the following:

- Suspicious fires
- Multiple alarms
- High dollar loss
- Large building or fire area
- Fatality and/or injury fires
- Requirement for more manpower
- Investigations that may take more than 3 hours
- Where more technical assistance is required
- Where more specialized expertise is desired
- Where the investigation by the agency might constitute a conflict of interest (ie., fire of property owned or under the care of a fire department or city employee)
- Local fire investigator is not available

Deployment

Once a team member receives notification of activation, they will notify their respective supervisor and then respond directly to the scene or the staging area identified. The Team will operate under the IC of the incident/investigation and will augment the existing investigation.

Operation

The Team will operate under the Mutual Aid agreement currently in effect in Davis County. The IC that requested activation of The Team will assume command of the operations of The Team for that incident. All members of The Team will report to and operate under the IC of the requesting agency.

Equipment/Funding

Each agency will provide their participants in The Team with tools and equipment necessary to conduct fire investigations. Each agency will provide the costs, (wages, equipment, supplies, etc.) for their own members. When expendable items are utilized they will be replaced by the agency requesting The Team with equal or greater valued items, or the costs thereof will be reimbursed to the agency providing the items.

Benefits

- Facilitates a quicker "back in service" time for fire fighting crews by not tying them up at the scene of a fire to assist in the investigation.
- Provides each fire investigator on The Team with the opportunity for more fire investigation experience.
- Provides additional manpower of trained/certified personnel to assist in the investigation
